An easy-to-use high solids acrylic floor finish designed for high traffic areas where high gloss and durability are critical. An excellent product for damp mopping and spray buffing with any speed buffing machine. Dries to a hard, durable finish that withstands daily high traffic, yet responds well to low or high speed spray buffing. Designed for low or high maintenance floor care programs.

DIRECTIONS

PREPARATION: If stripping is necessary, use a high-quality stripper and follow the directions accordingly. Follow with a thorough rinsing and allow floor to dry completely. If stripping is not necessary, sweep up loose dirt and dust. Clean with a quality cleaner to remove dirt and oils. Follow with a thorough rinsing and allow floor to dry completely.

FINISHING: Spread a liberal coat of finish evenly across the floor with a clean mop or applicator. Allow each coat to dry at least 30 minutes before applying the next coat. Four coats is ideal initially, depending on the condition of the floor and desired gloss.

MAINTENANCE: The floor may be maintained using a quality floor cleaner and damp mopping or automatic scrubber regularly. Spray buffing or mop-on restoring may also be done after sweeping up loose dirt and dust. Follow directions for each product accordingly.

This product meets the maximum content requirements for Volatile Organic Compounds (VOCs) as established by state and federal regulations.
