

Neutra Wash

Liquid Laundry Detergent

Product Number 4302

Description

A highly concentrated neutral detergent for use in automatic injection systems. A mild blend of surfactants designed to yield cleaner and brighter linens. Contains no harsh ingredients. Safe on delicates and can be used without a sour stage. Suspends soils for easy rinsing. Can be used in conjunction with a liquid break solution. For institutional and industrial use.

Directions

Sort laundry by fabric type and soil load. Presoak and/or prespot if necessary. Load wash machine with linens. Do not overload. Dispense product directly from shipping container into the wash cycle. Use 2-4 ounces per 50 pounds of laundry for light soils and 4-6 ounces for heavy soils. For HE machines: Use 1-2 ounces per load for light soils and 2-3 ounces for heavy soiled laundry. Do not overload. Consult your service technician for exact usage.

Technical Data

Form	Liquid	pH (1% solution).....	8.0-8.5
