

EZ GLOSS FLOOR FINISH

• Extremely Durable • Brilliant Gloss Finish • Zinc Free • For High Traffic Areas

PRAIRIEKLEAN EZ GLOSS FLOOR FINISH is a zinc free interlock polymer coating that dries to a deep gloss and is extremely durable under heavy traffic. Use with the companion **PRAIRIEKLEAN EZ SCRUB & STRIP** to have a safe, clean floor surface.

DIRECTIONS FOR USE:

Can be applied over other hard, non-wax finishes. But for assured results, the old brand of finish should be removed completely, and **PRAIRIEKLEAN EZ GLOSS FLOOR FINISH** applied to a clean, dry floor.

1. Apply finish in straight, even strokes that will cover fully, but not so liberally as to run into pools or spots.
2. Allow to dry completely. Do not re-work finish while it is drying.
3. When dry, the next coat can be applied. Depending on the floor condition, 2 to 4 coats may be required to obtain optimal gloss and durability.

SPECIFICATIONS:

Appearance.....White Opaque Liquid
Odor.....Characteristic Odor
Specific Gavity.....1.028
pH.....8.5
Boiling Point.....Appx. 212°F
Flash Point.....None To Boiling
Solubility in Water.....Complete

HMIS	
Health	1
