

Dear Tom,

Thank you and your crew for making our rock floor look so spectacular! It is exactly what we hoped for in a finish and lets all the natural beauty of the river rock shine through.

You can be very proud of the fine crew you have employed. They were polite, professional and extremely hard working. We were very impressed with how careful they were to prevent any damage to our woodwork or painted walls.

It has been our pleasure to have you work in our home.

Sincerely,
Martin & Sharon
McCallie
