

Super Punch

Metal Safe Mechanical Detergent

Product Number 4290

Description

A chlorinated, heavy duty powder designed for the removal of tough food soils. Contains low foaming surfactants as well as it's own rinse additive to assure one pass cleaning without spots. Even though this product is strong, it is safe for use on soft metals, aluminum, or pewter.

Directions

Be careful not to get product on hands or into eyes. Scrape and flush gross soils from kitchenware prior to machine washing. Machine wash water should be changed when noticeably dirty. Set detergent feeder for recommended concentration. See your service technician for proper usage amount. Sanitize as required. When kitchenware is removed from machine, set aside to air dry. When dry, place into a sanitary storage area. This product is highly alkaline.
