

## 4-ZYme Liquid Enzyme

4-ZYME concentrated odor digesting formula contains selected strains of natural bacteria (bacillus) and 4-ZYME's proprietary odor neutralizer. This formula is extremely efficient at breaking down and digesting organic waste to eliminate odors and solids. Provides immediate relief by neutralizing odors, as well as eliminating the source of the odor. This product does not contain any harsh chemicals such as solvents, acids, caustic or undesirable pathogens such as salmonella or pseudomonas.

Bio-Enzymatic Urine Digester a natural process of digesting organic waste which causes undesirable odors.

Odor, Stain & Waste Eliminator

### Directions and Applications:

**CARPET AND UPHOLSTERY ODORS** caused by urine, feces, vomit, spoiled foods or other organic wastes: Pretest for color fastness. Mix 1 ounce of 4-ZYME with 2 ounces of warm water. Saturate surface with mixed solution and brush in well. For older, more difficult odors, it may be necessary to repeat procedure and/or inject into carpet backing.

**SURFACE ODORS:** Dilute 1:10 for use on all water safe surfaces including tile, wood, vinyl, porcelain, concrete, metal, and painted surfaces in kitchens and bathrooms.

**PLUMBING MAINTENANCE:** For free-flowing kitchen, bathroom, and mop sinks, floor and laundry drains, toilets and urinals, dish washers and garbage disposals, use 2-4 ounces per week. Apply at the end of the day or when flow is lowest.

**SEPTIC TANKS:** Use 1-2 quarts for initial treatment of a 500 gallon tank. Then use 1 pint per week for each 5 people using the system. Treat drain fields and leach beds by pouring directly into the distribution boxes.
