

DIAMOND  **DEVIL™**
MALISH

FAST. FIERCE. EFFECTIVE.
CONCRETE RESTORATION AND POLISHING SYSTEM.

WICKED FAST RESULTS: SAVE TIME AND MONEY

The next-generation solution, this innovative concrete restoration and polishing system works on most standard floor machines, delivering superior results in less time, saving more money. Achieve remarkable results with the chemical-free, patent-pending Diamond Devil™ System – every time.

Use the System's Mastic Demon™ tool for speedy, easy removal of even the toughest coatings from concrete floors, including mastic, glue, adhesive, thin-set, paint, epoxy and more. Efficient and effective, the Mastic Demon™ leaves behind an improved surface profile.

Use the System's 3+1 array of polishing tools to Grind, Hone, Polish and Shine floors. The System's Shine Tool delivers superior image gloss and clarity, keeping floors looking their best.

POWERFUL REMOVAL: MASTIC DEMON™

A powerful floor restoration tool, the Mastic Demon™ cuts into coatings aggressively, leaving an improved surface profile.

Removes mastic, glue, adhesives, and coatings up to 30% faster without the use of dangerous chemicals.

Enhanced cutting power with 75% larger blades that include increased diamond content that leaves behind an improved surface profile.

Boosts productivity with newly designed angled blades, created to cut and eject debris faster and more efficiently.

Avoids build-up on blades and completes jobs faster.

PROGRESSIVE POLISHING: 3 + 1

Grind. Hone. Polish. Shine. That's the Diamond Devil™ system's 3+1 approach. Three steps vs. the typical 6-step polishing process saves time. This next-generation system's "+1" Shine Tool takes the finish a step beyond to an unmatched gloss level – using standard floor equipment.

- Fewer steps + passes = less process time (saves \$\$\$)
- Permanent blades that are precisely designed and angled so no need to stop and replace worn blades
- No pre-use blade hydration required, and no worries about snapping or breaking

GRIND

Blue – Removes light coatings, preps floor with even open finish

HONE

Green – Sets concrete or terrazzo to a honed finish, ready for polish

POLISH

Natural – Closes concrete or terrazzo, brings out clean, even satin/polish finish

SHINE

Red – Unmatched gloss level using a standard floor machine
